

JTA Newsletter

All About Us!

We are the new JTA Team:

I am Sophie. I love being a JTA because we get to organise lots of fun activities. I can't wait to plan and deliver lots of amazing events with the team. I walk to school and have done every day since Nursery!

Hello! My name is Barney. I love being a JTA because it is fun, you get to plan and choose competition winners and get children active about cycling and walking to school.

Hello— my name is Nissi. I am very happy to be a JTA and I am looking forward to sharing our ideas with the school. I know everyone will love them!

My name is Abhishek. I am excited to be a JTA because we get to plan lots of fun activities and we get to run competitions. I can't wait to share the activities with you that we are planning across the year.

Gold Travel Plan

Congratulations to last year's JTA's, Mikey, Julia, Isla and Lucian, who worked extremely hard to achieve the Gold Level School Travel Plan Award.

The team planned and delivered a wide range of activities including Design a Bike from Natural Materials homework, Debra the Zebra Calendar competition, a Bikers' Breakfast, the WoW Badge Design competition and so much more!

We are hoping to achieve Gold again this year.

Staying Safe this Christmas

Top tips for staying safe this holiday!

- Follow the Green Cross Code: **Stop, Look, Listen and Think** before crossing the road
- Always think safety first, safety always: **wear visible clothing when out and about, when it's dark stick with an adult that you know,**
- Use your eye and ears before you use your feet
- Treat the road with respect: **treat other road (and pavement) users with respect and they will respect you back**

'Stay alert and don't get hurt.'

'For safety is not a gadget, but a state of mind.'

Future projects and ideas...

We are planning workshops and themed days linked to pollution for our older children.

We have an upcoming Design Your Own Transport poster competition—watch this space!

We also have a project for the Foundation Stage children to promote more walking.

Keep an eye out for more information from us about upcoming events and activities!
